Meta Peace Team has been invited to place an international peace team in the West Bank by Palestinians who are committed to nonviolence and striving for justice under occupation. Team members will be prepared through an extensive training program. Prior to departure, team members are taught how to provide unarmed civilian protection, human rights monitoring & reporting, how to effectively use protective accompaniment, and other creative tools of nonviolence.

Preparation includes learning the culture and history of Palestine/Israel and the West Bank. Living conditions can be basic where we will be working and may include staying with Palestinian families.
